EF Tours take you to the places you've learned about in school. But it's so much more than that. Immersing yourself in new cultures—surrounded by the people, the language, the food, the way of life—creates inspirational moments that can't be listed in an itinerary. They can only be experienced! When you arrive abroad, everything is taken care of so you can relax and enjoy the experience. Your full-time Tour Director is with your group around the clock, handling local transportation, hotels, and meals while also providing their own insight into the local history and culture. Expert local guides will lead your group on sightseeing tours, providing detailed views on history, art, architecture, or anything you may have a question about. When your journey is over and you're unpacking your suitcase at home, you'll realize the benefits of your life-changing experience do not end. They have just begun!

Who We Are

The HVRHS International Travel Club is now managed by NWC: Students Without Borders - A group of dedicated Region 1 employees, parents, and community members devoted to providing travel opportunities for students throughout Region One.

Our History

The HVRHS International Travel Club was established decades ago. Originally each family had to pay for the entire trip for each child, which was not feasible for many. The participation became so small the club was dismantled and the journeys ended. Four years ago we decided to re-establish the group and fundraise so any student who had a desire to go, and would work fundraising, could attend. The participation went from 6 students to China, to over 30 to Europe. An opportunity these students will never forget.
